

STRIVEN EARNS TOP ERP SOFTWARE AWARDS FROM CAPTERRA, SOFTWAREADVICE, AND MORE IN 2021

November 11, 2021

3 min read

Striven was recognized as an industry leader in multiple ERP software categories by Capterra, Software Advice, and GetApp.

Capterra, Software Advice, and GetApp have named Striven an industry leader in multiple software categories:

- Best Ease Of Use – *Capterra, 2021*
- Best Value – *Capterra, 2021*
- Best Customer Support – *Software Advice, 2021*
- Front Runners – *Software Advice, 2021*
- Most Recommended – *Software Advice, 2021*
- Best Functionality and Features – *GetApp, 2021*

These recognitions come as a result of excellent reviews across all three software selection channels. Users who rated Striven were asked to weigh in on functionality, customer support, value, ease of use, and more. Striven has outperformed many of its competitors in each ranking. Each award was sourced directly from these user reviews, two of which are represented below:

“Striven allowed us to integrate lead generation, email marketing and a CRM. This switch keeps all of these systems that were previously other software subscriptions down to just one- Striven.” – *Blake E, 5/5 star Capterra Review*

“Striven is the ERP for growing businesses. Striven is the most customizable ERP on the market. Offering the ability to customize everything from sale order documents to emails! Allowing customizations in the processing of sales orders, invoices, and items.” – *Bill M, 5/5 star Capterra Review*

Striven product leaders expect that it will consistently earn recognition for its product and team performance, with more awards to come in 2022.

ABOUT STRIVEN

Striven is an all-in-one business management software providing a complete end-to-end cloud solution for most professional industries. It not only offers billing and invoicing tools, but also includes solutions for customer and contract management, projects, tasks, inventory, HR, and more.
